

ABRAHAM CONFERENCE 2023

The Abrahamic Religions in a Pluralist Society: Help or Hindrance to Peace?

In history and in the present, the Abrahamic religions have been used, abused, and misused for nationalist, sectarian, political, and ulterior motives, leading to conflict and violence. But at their best, the Abrahamic religions promote love, mercy, forgiveness, justice, peace, and reconciliation. How do our religions fare in the scales of judgement? Have we been a blessing to each other and to society, or a curse?
