What does peace with creation look like?

To me peace with creation means we all live in harmony in the world. liveing in harmony means respecting what God has given us like all living things and nature. when we realize our actings have a long lasting impact on the world and will effect it for generations to come. when we look after the world and take care of it it will grow and flourish but if we don't take care of it it will start to die and fade away and future generations wont have life the way we do. by abby burford
