Teacher: Paula Davies

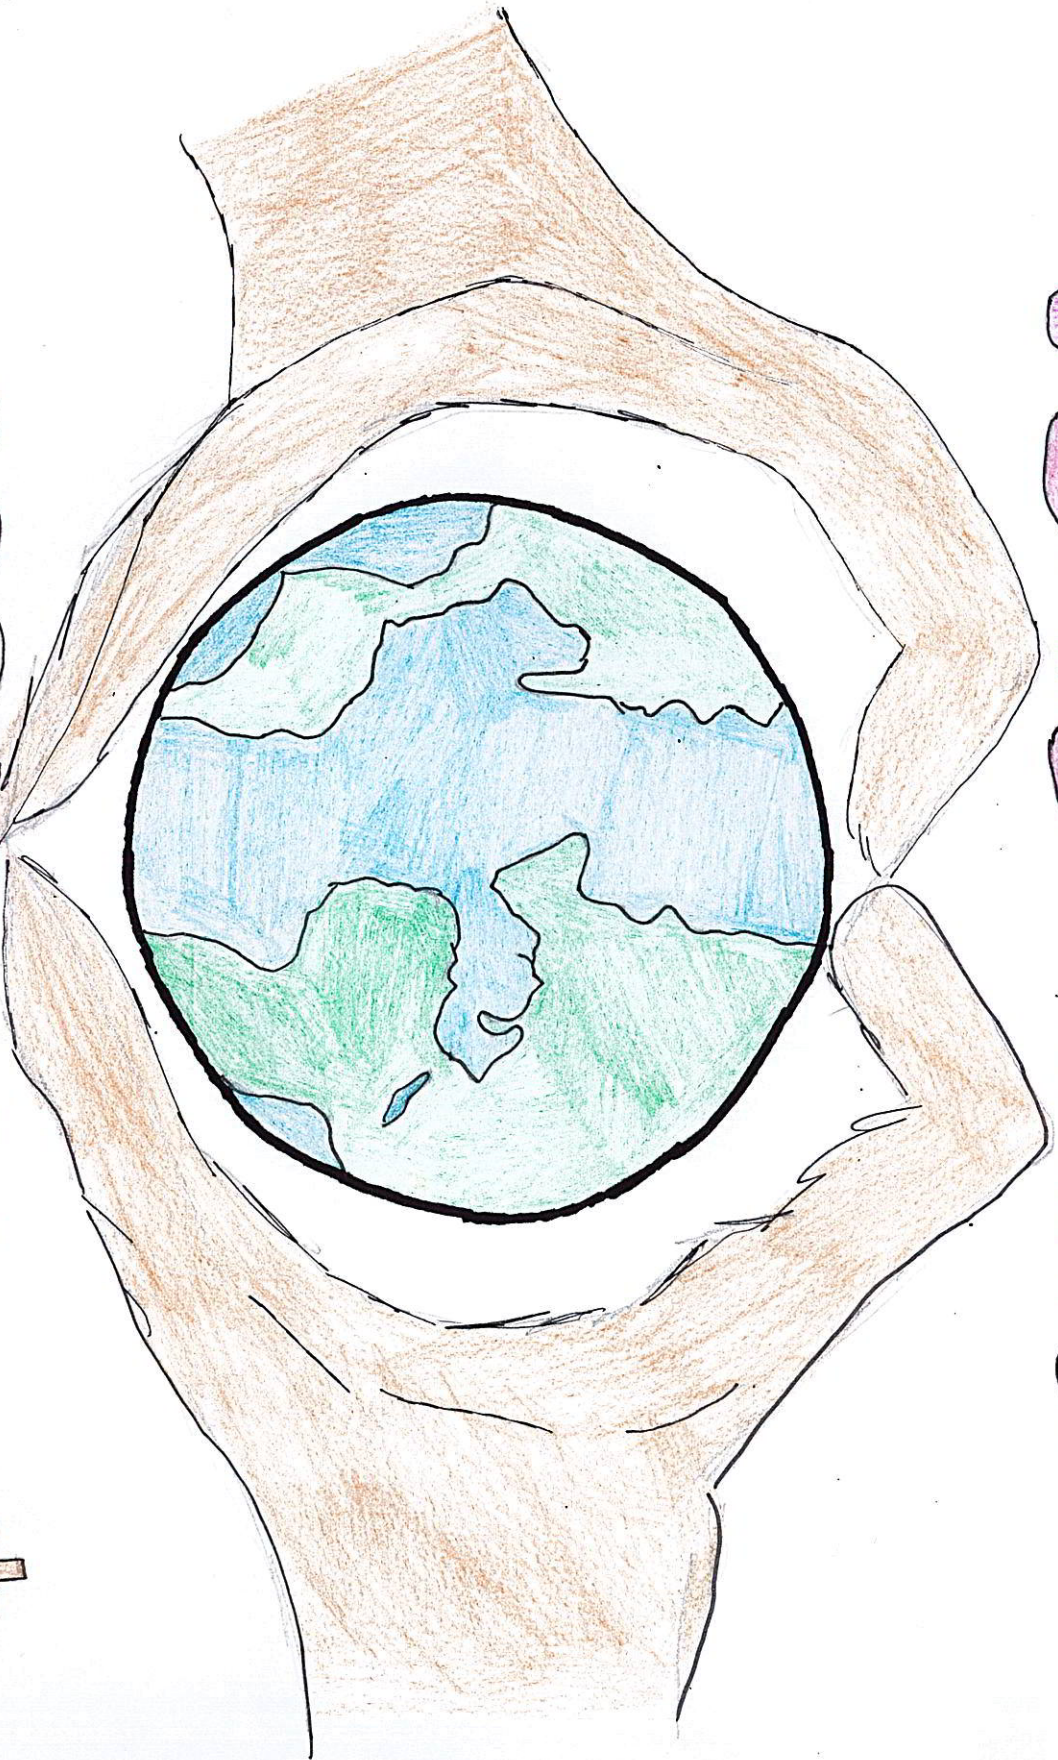

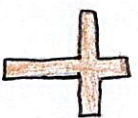

PEACE

WITH

CREATION

EVA

Why is it important for children and young people to reconnect with creation?

It's important because people my age, or older, should know the peace of this world and how blessed we are with it. We only have one chance and life so let's start by reconnecting with this world. Being a guardian of God's world and helping the world's Pain by looking after it and being gentle with it's flaws and beauty that God is pleased with. This is our chance to start and try to help our earth and be a faithful of God's world.

My art work Shows the World in my hands and how I can look after God's world and not destroying his creation that he is pleased with. I can treat this world like it's a blessing. We can co-create with God by looking after everything on land.

What does peace with creation look like to you?

Peace with creation to me is looking after the earth we were blessed with and not destroying it. Peace with creation is a goal to be better with what you buy and buying what you need only.

Picking up rubbish.

Being a guardian of God's Earth.

Helping stray or lost animals

Watering plants.

CO-Creation with God.

Eva
