

PEACE WITH CREATION

BY Lexi Brickell

(Peace with creation looks like)

God has created earth and has given us the blessing of having trees, rivers, and more. He has then created us human beings and has put us in charge of looking after but as we can see, we only disrespect it

my project resembles "The holy trinity, and how we do not look after gods creation, and how one side of the cross it shows beautiful rivers, and mountains and how God wants us too look after his creation and on the other side it shows and we really look after and how we need to be better
