PEACE WITH CREATION

By Maddie

(What peace with creation looks like)

To me, peace with creation is when we care for the Earth that God gave us. We can care for it by cleaning up the environment, donating clothes instead of dumping them, looking after the ocean and recycle. My artwork resembles "Gods tiktok account", he is posting a photo of a little family cleaning the beach. In the water you can see rubbish floating around, there's even one X-ray turtle showing everything it's swallowed. In the caption it says "What a great example of peace with creation", that tells us, this is what God wanted us to do with his gift. Look after it.

I drew all of this on a drawing app called Procreate. I drew it on my iPad with an Apple pencil.
