2. Create your entry: Include:
 - i. One Laudato Si' quote. Laudato Si', 67 – *"Each community can take from the bounty of the earth whatever it needs for subsistence, but it also has the duty to protect the earth and to ensure its fruitfulness for coming generations."*
 - ii.
 - iii. A reflection (**50 words minimum**) on how this teaching connects with your chosen creative piece. You can use other quotes or scripture
 - iv. This quote connects with my piece because it talks about protecting the earth, and my poster shows what the earth can look like if we actually do that. It shows a clean, healthy planet, and reminds us that if we take care of the earth now, future generations will be able to enjoy a better, greener world.
 - v. An explanation of how caring for creation demonstrates our 2025 St Columba's college theme of Hope.
 - vi. Caring for creation demonstrates hope because it shows that we believe in a better future. When we protect the earth, we're acting with the hope that our efforts will lead to a healthier planet for future generations. It means we haven't given up—we believe that change is possible and worth working for.
