

Chosen Question: What does peace with creation look like to you?

1. One Laudato Si' quote

"By virtue of our unique dignity and our gift of intelligence, we are called to respect creation and its inherent laws, for 'the Lord by wisdom founded the earth' "

2. A reflection (50 words minimum) on how this teaching connects with your chosen creative piece. You can use other quotes or scripture.

My creative piece shows the world in two different ways: on the left side with flourishing nature, plants, and greenery, taken care of by humans and with a sustainable environment. On the right side, however, it shows what the world will look like if it isn't taken care of, the resources wasted, the world deforested, and factories polluting the air, water and land. My creative piece relates to my Laudato Si' quote because it shows what will happen in the consequence of our actions as humans, and what will happen when we respect creation vs when we don't.

3. An explanation of how caring for creation demonstrates our 2025 St Columba's college theme of Hope.

Caring for creation demonstrates our college theme of 'hope' because it shows how we can care and have hope for the future, and for the many generations to come. It shows hope that the world will get better, and that we can still make a change no matter how bad it becomes.

"By virtue of our unique dignity and our gift of intelligence, we are called to respect creation & inherit its laws."
