

What Does Peace With Creation
Look Like To You?

We need to look after
our home!

Let's show pride in our roles
of being good Stewards of
Creation!

Reflection

Laudato Si quote: "The climate is a common good, belonging to all and meant for all."

My art piece shows people trying to look after the earth. With the laudato Si quote I chose it mentions that the climate belongs and it meant for all and because of that, it means that everyone should also work together to look after it as well. That is exactly what my piece of artwork displays, it shows everyone working together to make our earth a better place. Since the earth belongs to us we also have the job to look after it.

How caring for creation demonstrates our 2025 college theme of "Hope"

Caring for creation demonstrates our 2025 college theme of "Hope" because it shows how God and Jesus are looking down at us and giving us hope that what we do now can help the earth. If we take care of the earth not only the earth will have brighter future but we will too. God hopes for us students at St Columba's college to flourish, but we aren't the only ones who can, THE EARTH CAN TOO!
