LAUDATO SI QUOTE

"The climate is a common good,
belonging to all and meant for all."

REFLECTION

ART AND LAUDATO SI QUOTE

i painted a willow tree because even gods small creation bring use so much, such as oxygen ,shelter and Beauty and doesn't even ask for anything in return. which links to my Laudato Si quote telling use to enjoy the climate not take all as it belongs to everyone. This willow tree shows how nature can provide use with so much that we dont even realise and just care more about no essentials items then gods creations.

PART B
