

PART B:

One Laudato Si quote

“We are not God. The earth was here before us, and it has been given to us.”

A reflection on how this teaching connects with your chosen creative piece

This quote relates to my drawing because of the theme of change. In my drawing, I have two different sides of the world, one shows the beautiful world which God gave us, and the other shows the damage we have caused to Earth. We need to be more grateful for God's creation. God created such an incredible world for us with everything that we needed to live healthy and happy lives, then we have just gone and destroyed it.

An explanation of how caring for creation demonstrates our 2025 STCC theme of Hope

Hope is displayed through the actions that we take to keep our world healthy and beautiful. When we show care and effort to keep the world the same as how God created it. This shows hope in the way that we believe that it is possible to reverse the damage that we have created and to make a better world in the future.
