

WHAT DOES PEACE WITH CREATION LOOK LIKE TO YOU?

Collage Artwork: What peace with creation looks like to you?: By Jessica

REFLECTING THROUGH FAITH

Laudato Si Quote: "Humanity is called to recognize the need for changes of lifestyle, production and consumption, in order to combat this warming..."

My Artwork is meant to show peace between animals, people, and nature, where creation lives in harmony together. The Laudato Si quote shows how we should modify our way of living so that the earth can continue to thrive. In my picture, I had included the sun, mountains, animals, and a girl with a peace symbol on her dress, which symbolizes 'peace with creation'. I have also added a dove which also symbolizes peace.

Caring for creation can demonstrate our College theme of hope because it means that we can hope to change by doing small things today. They can show harmony with creation and hope to bring joy to future generations. By protecting wildlife and the environment, our descendants can also enjoy God's creation.
