

PART 2

*What does peace with
creation look like to
you?*

Competition Entry:

Competition Entry:

"The word 'creation' has a broader meaning than 'nature', for it has to do with God's loving plan in which every creature has its own value and significance."

- Pope Francis, Significant Statements

Pope Francis' teaching tells us that every living thing in this world has a value. They were created for a reason, just like everything else in the universe.

My artwork shows the one of the first things ever created by God; Light. It shows Light being created and the separation between light and dark.

Light was made for a reason so that we could see how amazing the Earth is.

St Columba's 2025 theme of hope can connect and be demonstrated by Caring for Creation because it is caring for the world and our impact (positive or negative) on our Earth and all the living things on it.
