

Part B

What does peace with creation look like to you?

A quote from *Laudato Si* that stands out to me and that connects to my poster is “We need to move forward in a bold cultural revolution.” (*Laudato Si*, 114) This teaching connects to my creative piece because it teaches us that together we can all make a better future for us and our earth and that we can all live in peace and spread hope to the people that need it the most. It also teaches us to treat each other with respect and give to the people that are less fortunate than us instead of over consuming with unnecessary products we can instead give what we don't need. Carinig for c reaction that is demonstrated in our 2025 st.columba college theme hope is to tell us that everything thing we do now can have an impact on our future so if we have hope in making a better one we can protect our earth and the animals that god created us for.
