

**Season | Peace
with Creation
Entry by
Olivia Raso**

Competition question

1. What does peace with creation look like to you?
2. How can we practice being at peace with creation?
3. Why is it important for young people to reconnect with creation?

My Artwork:

Quote, Reflection & Explanation

Quote & Reflection

The quote, "This sister now cries out to us because of the harm we have inflicted on her by our irresponsible use and abuse of the goods with which God has endowed her. We have come to see ourselves as her lords and masters, entitled to plunder her at will." connects to my artwork because my drawing reflects what our earth should look like and reminds us why we need to take care of it. Peace with creation is represented in my art through the peace sign and the earth before pollution, showing the connection between the world and us people. The quote that I chose displays how we are currently treating our earth, as if it was a resource, and we keep using it. Like the quote said, we have been irresponsible and taken too much from our planet, which is harming our earth for future generations.

Explanation

Caring for creation demonstrates our 2025 St Columba's College theme of hope because my artwork reflects a past of how we once were at peace with creation, and hoping we can make it similar to how it was before. My drawing represents that we can heal our planet from all pollution and act responsibly to be at peace with our creation.
